CERTIFICATIONS AND COURSES

Backend Web Development Using Laravel

Self Study   Always

- HTML
- CSS
- Bootstrap
- Tailwind CSS
- PHP
- MySQL
- Laravel

- Experience:
  - For my graduation project, I independently studied and gained proficiency in HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, PHP, MySQL, and Laravel. I applied these skills to develop a comprehensive school management system using the Tall Stack. This project allowed me to showcase my abilities in front-end and back-end development, database management, and utilizing modern frameworks. I successfully implemented various features and functionalities to create an efficient and user-friendly system.
